

Food allergies

Name of child Class

On occasions, your child may be asked to taste certain foods in relation to topic work/festivals/celebrations etc. We would therefore like to obtain information about what foods each child in school CANNOT eat due to allergy/intolerance/religious reasons and ask that you complete the form below.

This way will help us to prevent your child being asked to taste anything that he/she should not.

We do ask however, that only foods that cannot be eaten for medical or religious reasons are listed, not items that your child may just have a particular dislike to.

There is no food my child cannot eat for medical or religious reasons (please tick if applicable)

OR

**My child must not eat the following due to allergy/intolerance/religious reasons
(please circle all that apply)**

.....
.....
.....

Please provide details of the allergy/intolerance/religion. For medical reasons, please include symptoms and actions to be taken in case of an emergency

.....
.....
.....

Once we have received this information we may be in touch to discuss options for school lunch menus or a medical plan for your child.
